PROFESSIONAL PROFILE

Graduated in Business Administration (BBA) with practical experience in marketing, sales, commercial management and digital operations. Proactive, results-oriented with developed business vision in both corporate and entrepreneurial environments. In the past year I have been able to build real digital tools for The Gula Corporation (including a loyalty program, an ordering platform and a backend API), combining the ability to understand the business with the ability to execute concrete solutions. I complement my profile with experience in sports team leadership, competitive discipline in basketball and American football at high performance level, and a solid foundation in finance, strategy and market analysis.
